

Karate Belt Band Method

The **MMA Karate Belt Band Method** is a fun system designed to encourage you to practice and demonstrate your musical skills. Each **Karate Belt** will be more challenging, but will be within your grasp with some practice. To receive a **Karate Belt** you need to practice the requirements on your own and then set up a time to demonstrate your musical skills to your Music Director. When you achieve a new belt, you can add it your collection. Have fun collecting all of the **Karate Belts**!

Note: All pieces must be performed with good tone, correct rhythm and correct notes
